

Clovis, California needs K-LOVE on the radio! It is the only Christian station that comes in clearly here at our house. And while there are many radio stations available to us here, NONE other than K-LOVE is free from off-color jokes, sexual references, and language we don't use in our house. I need the right to select what is best for me and for my children. If K-LOVE were replaced by an LPFM broadcaster, part of the way I receive my daily encouragement would be gone. All of us could agree or disagree about lifestyles, political views, etc. I need to be able to listen to K-LOVE.
